# **Pre-Alpha I Goals**

## **Enemies**

Systems	s	
~		enemy data script to include fields for:
	<b>~</b>	Movement speed
	~	Hidden? (bool)
	<b>~</b>	Immune to magic? (bool)
	~	Immune to <b>physical</b> ? (bool)
		Current "level" (representation of enemy "strength"; i.e. 3 for green balloon, 2 for blue balloon, 1 for red balloon, etc.
<b>✓</b>	Basic in	mplementation of base enemy, base + 1 enemy, base + 2 enemy
• Balance	•	
~	Base enemy should be set to 1 health (dies in 1 hit)	
	Modify currency so that it is provided on "pop", rather than on "death" (1 coin per pop)	
• Art		
<b>✓</b>	Base enemy draft artwork	
<b>~</b>	Base enemy death animation	
~	Enemy strength evolution draft artwork	
• Audio		
~	First draft of "popping" SFX	
• Design		
<b>✓</b>	In-deptl	h first draft design documentation of enemy levels (red->blue->green->>MOABS, etc.)

# **Towers**

- Systems
  - ✓ Modify base tower to include fields for:
    - Shooting speed
    - ▼ Shooting pierce
    - Shooting range
    - Shot persistence
    - ▼ Toggle for **physical** vs **magic** damage
    - ▼ Toggle for whether it can detect hidden enemies
  - Basic implementation of single shooter + area of effect shooter
- Balance
  - Cannot overlap towers (each tower takes a bit of space)
- Art
  - Single shooter draft artwork
  - Single shooter draft animation
  - Area of effect shooter draft artwork
  - Area of effect shooter draft animation
- Quality of Life
  - Ability to drag and drop towers from UI to map
  - Can view tower range while dragging and dropping
- Design
  - In-depth first draft design documentation of upgrade path(s) for single shooter and area of effect shooter

#### Levels

• Design

- Draft design of first "easy" level
- Art
  - ☑ Draft artwork/moodboard for first "easy" level
- Audio
  - ☑ Draft background music for first level

# UI/UX

- Systems
  - Pause/settings menu
  - Save system (stretch goal)
- Design & Art
  - ✓ Draft design of user interface (can be close to a 1:1 of Bloons interface)
- Audio
  - ☑ Draft background music for main menu
  - □ Draft SFX for button clicking

## **Narrative**

- Narrative synopsis
- ✓ Visual novel type system that can be placed between levels
- Draft character art (stretch goal)
